JUDGE DAVID J. PALMER

CLERK OF THE COURT
K. Philpot
Deputy

IN RE THE MATTER OF
AMY JO DAURIO

J VINCENT GONZALEZ

AND

STEVEN L DAURIO

PHILIP A SEFLOW

MINUTE ENTRY

The Court convened an Evidentiary Hearing on May 14, 2012 on the Notice of Theft of Property, relative to the division or marital property in this matter.

Mother and her counsel made reference several times during the hearing to the notion that she understood that the court was only concerned with the disposition or taking of items that were of a value of \$500.00 or more.

This was mentioned first in Mother's *pro per* Response to the Notice of Theft, as she stated that it was her "understanding that the court is only interested in items that were of a value of \$500 or more."

Her counsel during the hearing on more than one occasion mentioned that it was this court's "order" that items of a value of less than \$500.00 were not to be considered.

To be blunt, the court has absolutely no recollection of making such an order and in its review of the court's orders on file in this matter can find no such reference to a \$500.00 limit.

IT IS ORDERED that counsel for both parties are to submit to the Court a very brief memoranda on where that notion originated, and/or in what specific court order on what day did
